STUDENT BOOK REVIEW

A Series of Unfortunate Events: The Wide Window

By Lemony Snicket

Published by Harper Collins

This book is about three children that lost their parents in a fire. They go to live with their only relative in the city, an evil man named Count Olaf. They hate life with him because he is so mean to them. Count Olaf finds out that they have an enormous fortune, and he tries to take it away from them. He tries to marry the oldest child so he can get the fortune. Will the children get away?

I really liked this book because it is full of mystery and adventure. It is breathtaking to hear about the children's adventures. I really enjoyed reading about all the children's clever ideas.
