The Mediator: Shadowland

By Meg Cabot

Published by Avon Books

There's more to sixteen year old Suze Simon than meets the eye. Suze is what you would call a mediator.

Mediators can see and talk to the dead and help them move on to the afterlife. Also, her mother just got married and now she must move to California with her mom to live with her new step-dad and three step-brothers. She thinks life will be less hectic in California than New York. Boy, was she wrong. Suze goes to her new room to find a 150 year old ghost, Jesse, living in her room.

Later on in the book, Suze meets the principal, Father Dominic, who also happens to be a mediator. It is then that she finds out she needs to help Heather go to the afterlife.

So with the help of Father Dominic and Jesse, Suze is going to bring Heather down. This is just proof that there is strength in numbers.
