STUDENT BOOK REVIEW

Point Blanc

By Anthony Horowitz
Published by Penguin Group

Anthony Horowitz has written an exciting story about a 14-year-old boy named Alex Rider. Alex works for the secret agency MI6. He goes to a disciplinary school named Point Blanc as a spy. Alex attends school under the name Alex Friend. He later figures out that Dr. Grief, the leader at the school, is doing something very evil. He is taking 16 clones of himself and replacing the boys at the school. Alex is later discovered to be a spy. Grief sentences Alex to be killed soon after he is found out. The 14-year-old spy somehow gets out of it! But is the end near for Dr. Grief? There is a spine tingling ending that will surprise you. Will Alex live or die? I give this story two thumbs up.
