STUDENT BOOK REVIEW

Superfudge

By Judy Blume
Published by Dutton

The book is *Superfudge* by Judy Blume. It will make you laugh. The main character is Peter Hatcher. He's an average kid who goes into the worm business. He sells worms to an old lady who eats them! He works with a friend called Alex. He moved from New York to Maine and meets a kid called Alex. The author is so good at describing that I could picture myself there in Maine in the suburban area. The parents of Peter dropped it on him just like that; that they were having a baby and that they were moving to Maine for a year! Peter pictured another Fudge. If you want to know the name of the baby read it for yourself.
